MARCH 2, 1972

AUSTRALIAN JUDGE WILL INAUGURATE LAW LECTURES

The Right Honourable SIR VICTOR WINDLEYER will deliver the first series of The John Alexander Weir Memorial Lectures, established this year by the Institute of Law Research and Reform.

The lectures are named in honor of the late John Alexander Weir, K.C., first Dean of the Faculty of Law at this University.

Sir Victor was born in Sydney, Australia in 1900. He received his Master of Arts and LLB degrees at the University of Sydney and was admitted to the Bar of New South Wales in 1925. Concurrently with his practice at the Bar, Sir Victor lectured in the Law School at the University of Sydney from 1929 to 1940, when he left to serve abroad with the Australian Imperial Force. He was awarded the Distinguished Service Order and bar while serving as Brigadier and later, in the Australian Citizen Military Forces, attained the rank of Major-General.

In 1946 he returned from war service and resumed his practice at the Bar, concentrating on equity, constitutional law, and commercial law. He was appointed King's Counsel (New South Wales) in 1949 and was appointed to the

High Court of Australia in 1958. Three years later, Sir Victor was named to the Privy Council and was sworn in before Her Majesty on her visit to Australia.

He is Vice-President of the Selden Society and an honorary member of the Society of Public Teachers of Law, in England. His publications include *The Law of Wagers, Gaming and Lotteries* and *Lectures on Legal History*, as well as a number of articles on legal and historical topics.

The title of Sir Victor's main lecture is "Public Law and Legal Institutions—An Australian Viewpoint." It will be given in two parts on March 13 and 14. A third lecture, "The Place of Law in History and of History in Law," will be given March 21. All three lectures are open to the public and will be held at 8 p.m. in the Social Room, Jubilee Auditorium.

Further information and complimentary tickets may be obtained from the Institute of Law Research and Reform, 402 Law Centre, telephone 432-5291.

The Institute of Law Research and Reform operates by agreement between The University of Alberta, the Law Society of Alberta, and the provincial government.

There are two aspects of the Institute's work: the achievement of reform of the law, and the encouragement of general research in the law. The John Alexander Weir Memorial Lectures have been established to promote original legal research and to increase public awareness of the law, which is considered by the Institute to be essential to effective legal reform.

The series will continue as the Institute presents other scholars of distinction every two or three years.

SILENT FILMS COME TO MEETA

Rin Tin Tin bares his teeth and routs the bad guy out of his hiding place.

Mack Sennett joins Keystone and turns custard-pie-in-the-face into a film art.

Douglas Fairbanks slashes a "Z" across almost every screen in the industry as he portrays a Spanish Robin Hood in *The Mark of Zorro*.

Lionel Barrymore and Boris Karloff bring the supernatural and the sinister to audiences

accustomed to drawing room comedies.

These and a number of other stories comprise "The Toy That Grew Up," a nostalgic series of silent films to be shown in their entirety on Channel 11. The 35-program series will begin Friday, March 3 at 8 p.m. and will continue at the same time on each consecutive Friday. Individual listings may be found in "This Week and Next."

HIGH SCHOOL ENRICHMENT PROGRAM BETTER THAN EVER

Nineteen University departments are offering lectures in this year's High School Enrichment Program organized by the Department of Extension. This compares with 10 departments participating last year. Students are expected to number 580 against 544 in 1971. Ninety staff members have offered to donate their time.

The program is designed to bring promising high school students to the campus for an introductory course in a field of their special interest. This year they will be able to choose from: chemistry, comparative literature, computing science, economics, educational foundations, engineering, food science, household economics, history, law, medical laboratory science, medical bacteriology, medicine, pharmacology, philosophy, physics, physiology, romance languages, and sociology.

From three to eight lectures will be given in each subject area to students recommended by their schools. This year two St. Albert, one Sherwood Park, one Stony Plain, one Ardrossan, and nineteen Edmonton schools are sending students.

The High School Enrichment Program began in 1960 with the aim of furthering the students' interest and knowledge of a particular subject, and to introduce them to University teaching methods and staff.

PEOPLE

■ RICHARD JUNG, Associate Professor of Sociology, has been appointed Adviser for Canada of the Advanced Centre for Logic and Comparative Science in Bologna, Italy.

■ E. J. H. GREENE, Associate Dean of Arts, has been invited to be one of six speakers on a special program devoted to Marivaux at the

meeting of the International Association of French Studies to be held at the Collège de France on July 25. The other five speakers are from France and Italy.

NOTICES

ACADEMIC PENSION PLAN TRANSFERS TO OR FROM THE FEDERAL GOVERNMENT

A Reciprocal Transfer Agreement between The University of Alberta Academic Pension Plan and the Public Service Superannuation Act of Canada became effective on January 24, 1972. Federal government employees who contributed to the Superannuation Plan and who are now or will be contributing to the Academic Pension Plan, and University staff members who contributed to the Academic Pension Plan and who are now or will be contributing to the Federal Superannuation Plan, may transfer their pensionable service from one plan to the other subject to the terms of the reciprocal agreement. The main provisos of the agreement are as follows:

- (1) Termination of service with the former employer must have occurred subsequent to August 1, 1964.
- (2) Commencement of employment with the new employer must have occurred within three months of the date of termination of service with the former employer.
- (3) Contributions must not have been withdrawn from the former plan.
- (4) Application for transfer must be made on the prescribed form and delivered to the

administrators of the two plans not later than July 24, 1972, or within one year of becoming a contributor to the new plan.

- (5) In the case of a transfer to the Superannuation Plan, the applicant must pass a medical examination.

Staff members and former staff members who feel that they have any service which may qualify under the terms of the reciprocal agreement are urged to pursue the matter immediately so as not to miss the deadline. We have no present means of knowing to whom it is applicable and therefore are not in a position to send reminder notices. If you are eligible, please request an application form.

If you have any federal government service, or in the case of federal government employees any University service, which does not meet the requirements of our present agreement as listed above, we suggest that you request and submit a declaration of service form so that our records will be complete should there be future changes in the agreement which might benefit you.

The application and declaration forms are available from the Pension Plans Division, Office of the Comptroller, telephone 432-4756.

NUCLEAR PHYSICS CONFERENCE

The 1972 Western Regional Nuclear Physics Conference will be held at The University of Alberta March 3 and 4. Invited speakers at the conference will be K. RAMAVATARUM of Laval University, and D. G. BURKE of McMaster University. In addition about 25 contributed papers will be presented by nuclear physicists from the universities of Manitoba, Saskatchewan, British Columbia, Victoria, and Alberta.

THE STORY OF MISS PURITY

The Department of Mechanical Engineering will be host next week to I. W. SMITH of the Mechanical Engineering Department, University of Toronto, who was one of the designers of the hybrid (propane/electric) automobile which took part in the "Clear Air Car Race" between Boston and Pasadena and was one of the winners. In a talk entitled "The Story of Miss Purity," Professor Smith will describe the design and operating principles of the car. The presentation will be given at 7:30 p.m. on March 9, in Room 342 of the Engineering Centre. Students, staff, and interested people are invited.

TEST YOUR PHYSICAL FITNESS

The Physical Fitness Testing Centre is open every Tuesday and Thursday from 5:30 p.m. to 8:30 p.m. The centre is located in Room E-412 of the east wing of the Physical Education Building. For appointments, telephone 432-5601.

LIFE STYLE OF THE LAPPS EXHIBITED

The Boreal Institute for Northern Studies, with the co-operation of the Art Gallery of Memorial University, Newfoundland and the Swedish Institute for Cultural Relations, Stockholm is sponsoring an exhibition entitled "The people of eight seasons," which will be on display in the Students' Union Art Gallery between March 6 and 23.

The theme of the exhibition centres on the handicraft and civilization of the Lapps of northern Sweden, showing the continuity in Lappish handicraft by the juxtaposition of beautiful old things with the best of their modern work. Photographs describing the ways in which the Lapps are adapting to present conditions complement the exhibition.

The Boreal Institute maintains an interest in all matters pertaining to the circumpolar world, and hopes that the exhibition will highlight for Canadians the activity and life style of a remarkable people.

THIS WEEK AND NEXT

Listings must reach the Editor by 9 a.m. the Friday prior to publication. Written notification is preferred. Compiled by NORMA GUTTERIDGE, 432-4991.
